No. G. 182
Encls.

Office of Senior Surgeon, Mysore Govt.

Dated, Bangalore, Nov. 2 1916

From

Rajakarya Pravina
Rao Bahadur T. V. Arumugam Mudaliar, Esq., M. B., C. M.,
Senior Surgeon with the Government of
H. H. the Maharaja of Mysore, Bangalore.

To

Med 55-16 81.1.

The Secretary to the Government of
H. H. the Maharaja of Mysore,
General Deptt., Bangalore.

Sir,

With reference to Government order No. 6976-8. Med. 29-15-4, dated, the 17th March 1916, directing the free distribution of quinine in certain unhealthy Taluks of the Mysore District, I have the honor to report that, from the information supplied by the Senior Surgeon in charge of the Medical Stores, that officer addressed the Deputy Commissioner, Mysore District, in his letter No. 2471, dated, 28th March 1916, to cause an indent to be forwarded by the District Health Officer, Mysore, for the quantity of quinine required for distribution in that District, in order to give effect to the said Government order and that no indent has been received. till now.

2. With reference to para 3 of the Government order, I beg to state that so far as the three Malnad Districts of Hassan, Kadur and Shimoga are concerned, the respective District Committees are taking steps to popularise the use of quinine in the Malnad areas of those Districts. In areas beyond the operation of the Malnad Improvement Scheme, I beg to report that the several Local Fund Dispensaries are always provided with an adequate

Subject.

Submits his report on the working of the system of free distribution of quinine in highly mamarial tracts in the Mysore District and his opinion regarding the continuance of the scheme.

(8

adequate supply of quinine sufficient for normal requirements and that patients requiring the drug are always receiving it free of charge whether they apply for the same, personally or through their representatives. Wherever there may be a real demand for quinine and the supply falls short of such demand, information of the inconvenience is sure to reach the authorities through the Local (Village or Taluk) Improvement Committees and whenever the existence of such demand comes to the notice of this Department, necessary steps will be taken to arrange for the required supply.
I am therefore of the opinion that the scheme sanctioned by Government in their Proceedings No. 4143-5/Med. 236-13-4, dated the 23rd November 1914, may well be ordered to be discontinued.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.

Laying down instructions for distribution of Quinine.
